

# HyMark Solutions

Your Fully Certified PointClickCare® Implementation & Support Partner

## Did You Know?

HyMark offers a complimentary utilization review to uncover opportunities to leverage additional components of the core application that line up with your facilities goals. In addition, to uncover how to more efficiently use the PCC tools you already have, and suggest products that align with your strategic initiative. Your goals are our goals. Let Us Help you. For a free in-depth analysis of one of your PCC facilities, Contact Us on our website!

## Health Awareness Dates

- Breast Cancer Awareness Month.
- World Mental Health Day | Oct. 10th
- Mental Illness Awareness Week | Oct. 4-10
- Health Education Week | Oct. 20-24
- International Infection Prevention Week | Oct. 16-22.

## Our Team of Specialists offer weekly PCC Trainings

Every month our team of fully certified Clinical and Financial Specialist's put together a training schedule that offers a variety of training opportunities on all things PointClickCare. Some of the reoccurring trainings we offer are Financial and Clinical Q & A, Document Manager Setup & End User, POC, eMAR, Skin & Wound and COMS-Skilled Eval. To view our full October Training schedule, click below.

## Virtual Fall Conference & Exhibit Showcase

Were you signed up for the WHCA Fall Conference? Guess what, you can still connect and network via the EYE2i feature.

You can view HyMarks Vendor Profile by clicking [HERE](#). We look forward to connecting with you!

## HyMark Solutions Centre

With a manageable monthly investment, HyMark Solutions, Solution Centre provides you and your staff with access to solutions for all of your PointClickCare® needs. From Support Calls to the creation of Customized User Defined Assessment forms and everything in between, we are here to help answer your questions, help you ask the right ones and build systems that fit your facilities unique delivery of care. [Click Here](#) to learn more.

# 4.3.0

## PCC Release Newsletter

How to Prepare: For the best software experience, use one of the recommended browsers to the right. If you already use a recommended browser, guard against any service disruption by updating your browser. After updating your browser, verify your browser supports TLS 1.2.

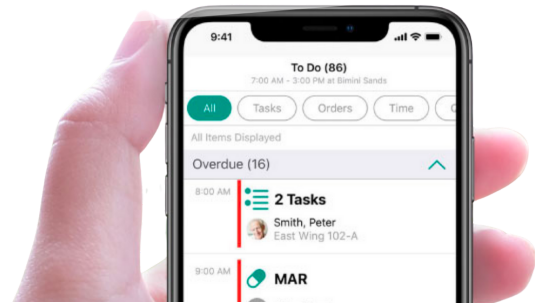

## PCC Companion Mobile App

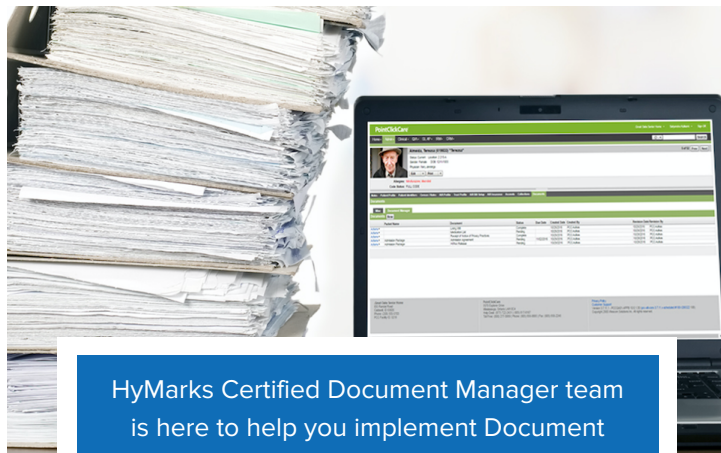

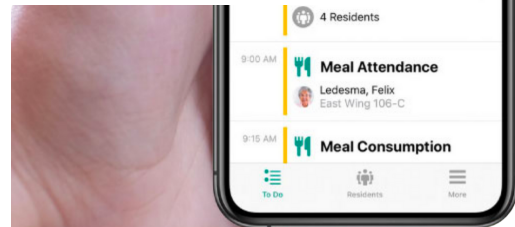

The PointClickCare Companion mobile app empowers senior living caregivers to easily capture and document the delivery of services and medication using their iPhone or Android device. Enhancements Coming Soon!

To enable PointClickCare Companion: enable Task Documentation, or enable both Task Documentation and Order Documentation. You must enable Task Documentation to enable Order Documentation. You cannot enable Order Documentation only. The options available are based on your organization's Point of Care (POC) and eMAR subscriptions.

**\*\*If you do not use Point of Care (POC) or eMAR and would like to use the PointClickCare Companion mobile app, contact your PointClickCare representative.\*\***

HyMarks Certified Document Manager team is here to help you implement Document Manager into your facility. [CONTACT US](#)

## Document Manager

### Viewing the e-signature Status Dashboard

If Document Manager and e-Signature are enabled, you can view and track the status of e-signatures on assessments and care plans on the the e-signature Status dashboard.

You need the new security permission of View e-Signatures Summary for either the Admin or Clinical Dashboard to view the e-Signature Status Dashboard.
