### Solutions Centre

With a manageable monthly investment, HyMark Solutions, Solution Centre provides you and your staff with access to solutions for all of your PointClickCare® needs. From Support Calls to the creation of Customized User Defined Assessment forms and everything in between, we are here to help answer your questions, help you ask the right ones and build systems that fit your facilities unique delivery of care.

### Monthly Trainings

Each month our team of fully certified Clinical and Financial Specialist's put together a training schedule that offers a variety of trainings on all things PointClickCare®. Some of the reoccurring trainings we offer are Financial & Clinical Q&A, Document Manager setup & End User, POC, eMAR, Skin & Wound and COMS-Skilled Eval. View our full schedule and get signed up on our website.

### Our team of Specialists

Our team at HyMark is small, but each member brings their own specialty and power to the team for us to deliver the absolute best service to our customers. Our team consists of 6 members and we are spread out and located in 4 different states. We extend our services from Washington State to Washington DC.

## About HyMark

HyMark Solutions is owned and operated by Long Term Care Providers in WA state. Jeff & Angela realized several years ago that they would need to convert their buildings from a paper based method of documentation to fully integrated electronic records in order to survive the never-ending, painful, budget cuts from the various payers. HyMark provides ongoing training for their own facilities and would love to work together to service yours as well.
