About HyMark

HyMark Solutions is owned and operated by Long Term Care providers in WA state. Jeff and Angela Hyatt realized several years ago that they would need to convert their buildings from paper based method of documentation to fully integrated electronic records in order to survive the never-ending, painful, budget cuts from the various payers. HyMark provides ongoing training for their own facilities and would love to work together to service yours as well.

We are LTC providers supporting LTC providers

Why Choose HyMark?

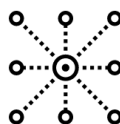

With HyMark Solutions being the only company with a team fully certified in all areas of PointClickCare® our team has a lot of services and support to offer you.

- We collaborate with you to customize, train and maintain your EHR while consulting with your interdisciplinary team to insure all care areas are addressed.
- The result is a more streamlined, efficient and effective workflow that is set up to facilitate Quality Care delivery to residents as well as insure reimbursement for all of the care delivered.

Monthly Trainings

Every month our team of fully certified Clinical and Financial Specialist's put together a training schedule that offers a variety of training opportunities on all things PointClickCare. Some of the reoccurring trainings we offer are Financial & Clinical Q&A, Document Manager setup & End User, POC, eMAR, Skin & Wound and COMS-Skilled Eval.
